

"Meet the Doctor"

	TIME STAMP	SOUNDBITES
1.	02;28;32	MANY PARENTS ASK ME, "WHY DID THIS HAPPEN?"
2.	02;26;58	PEOPLE THINK THAT THIS ONLY HAPPENS IN THIRD WORLD COUNTRIES
3.	02;51;22	A COMMON MISCONCEPTION WITH CHILDREN THAT ARE BORN WITH ANY KIND OF DEFORMITY IS THAT THERE IS SOMETHING INTELLECTUALLY OR MENTALLY WRONG
4.	02;34;16	THE STIGMA OF HAVING A DEFORMITY, A CONGENITAL DEFORMITY, CAN HAVE AN UNBELIEVABLE IMPACT
5.	02;46;12	A LOT OF THEM ARE SUBJECT TO A LOT OF BULLYING AND TEASING IN SCHOOL...
6.	02;37;21	I GET TO REALLY MAKE A DIFFERENCE.
7.	02;33;21	IT'S JUST ONE OF THE MOST AMAZING THINGS TO TRANSFORM A CHILD'S LIFE
8.	02;33;21	THEY CAN GO TO SCHOOL AND BE FULL FUNCTIONING AND BE A NORMAL KID.
9.	02;18;06	I MEET MOST OF MY PATIENTS RIGHT AFTER THEY'RE BORN, AND THEN I OFTEN TAKE CARE OF THEM UNTIL THEY'RE TEENAGERS.
10.	02;20;22	I DEDICATE MY CAREER TO CHILDREN. IF YOU SEE MY OFFICE, YOU'LL SEE THAT THE ENTIRE PLACE IS JUST FILLED WITH TOYS AND IT'S VERY CHILDREN FRIENDLY.
11.	02;50;43	I DON'T WANT THEIR ASSOCIATION WITH ME OR MY OFFICE TO BE SOMETHING NEGATIVE BECAUSE I WANT EVERYTHING THAT COMES OUT OF MY OFFICE, WHETHER IT'S FROM THE SURGERY TO THEIR VISITS EVERY MONTH OR EVERY YEAR, TO BE A POSITIVE EXPERIENCE.
12.	02;32;45	ONE OF THE MOST REWARDING THINGS IS THE CHANGE THAT WE CAN BRING TO THESE FAMILIES BY TREATING THESE CHILDREN
13.	02;56;23	I THINK IT'S AN AREA OF PLASTIC SURGERY THAT YOU NEED TO REALLY DEDICATE YOUR LIFE TO.
14.	02;39;32	MY COMMITMENT TO THE FIELD IS NOT ONLY OPERATING AND TAKING CARE OF THESE CHILDREN, BUT ALSO IN CONTRIBUTING EITHER NEW TECHNIQUES OR EVEN JUST REPORTING OUTCOMES
15.	02;43;12	YOU KEEP YOURSELF UPDATED ON THE MOST RECENT LITERATURE YOU GO TO THE NATIONAL MEETINGS AND YOU CONTRIBUTE TO YOUR FIELD BY PRESENTING YOUR WORK, WRITING YOUR WORK, TRAVELING ALL OVER THE WORLD, SEEING WHAT ELSE IS OUT THERE

16.	02;39;32	I'VE BEEN INVOLVED AND WILL CONTINUE TO BE INVOLVED IN MANY OF OUR NATIONAL MEETINGS, LIKE THE ASPS, WHICH IS THE AMERICAN SOCIETY OF PLASTIC SURGERY, THE AMERICAN CLEFT PALATE AND CRANIOFACIAL SOCIETY
17.	02;41;44	I THINK THAT IF YOU JUST PRACTICE IN YOUR OWN LITTLE MICROCOSM OF THE WORLD AND YOU DON'T GET INPUT FROM YOUR COLLEAGUES NATIONALLY OR INTERNATIONALLY, I THINK YOU'RE DOING YOURSELF AND YOUR PATIENTS A DISSERVICE.
18.	02;56;23	IT'S AN AREA OF PLASTIC SURGERY THAT I FEEL YOU NEED TO DO A LOT OF TO BE VERY GOOD AT IT.
19.	02;32;12	IN MY PRACTICE, I DO PRIMARILY CLEFT LIP AND PALATE REPAIR, CRANIOSYNOSTOSIS REPAIR, AS WELL AS FACIAL TRAUMA
20.	02;48;13	WHAT MAKES ME UNIQUE IS THAT I'M 100 PERCENT DEDICATED TO PEDIATRIC SURGERY
